

Knot Guide

www.winkpass.com/knotguide

Free: iPhone, Android, Blackberry

Knots are used in sailing, climbing, tree trimming, jewelry making, and everyday tasks such as hitching a load to your vehicle. Whether you are a novice or you have experience with tying knots, Knot Guide will assist you! Features 95 knots.

Map My Hike

www.mapmyhike.com

\$2.99: iPhone, BlackBerry, Android

Map My Hike has free and paid versions that map the path that you take. It's good if you're logging hours for a fitness program or if you really love to track the places you've been. There is also a free version with fewer features.

Backyard Apps

Learn to Camp

www.pc.gc.ca

Free: iPhone, iPod, Android

If you dream of camping in Canada's national parks, this app is for you! Find tips, advice and information you need to plan and enjoy your first camping trip. And if you're an experienced camper, you'll love the recipes, checklists and insider tips too.

AwardWallet

www.awardwallet.com

Free: iOS, Android

Keep track of your reward programs. Join for free and let AwardWallet track and monitor your reward programs and itineraries for you. Get notified when your balances change and before your points expire.

LiveTrekkr

www.livetrekker.com

Free: iOS, Android

This app creates a digital journal of your travels so you can look back on your trips on an interactive map. The app tracks you as you go and monitors your speed and altitude. You can add pictures, video, audio and text along the way.

iFishOntario

www.ifishontario.com

\$6.99 Apple - \$4.99 Google Play

iFish Ontario is the app every fisherman needs, and the exclusive app for Fishing in Ontario. Features over 8,200 Ontario lakes, ponds and reservoirs.

XE Currency

www.xe.com

Free: iOS, Android

XE is the go-to site for currency conversions on the web, so it's no surprise that its app is so popular. For the traveller it is most useful for the simple fact that it's able to convert every world currency. It also functions offline by saving the last updated rates.

First Aid Refresher

www.wissen-direkt.com

Free: iPhone, Android, Blackberry

This guide, compiled in collaboration with the Johanniter Ambulance (the German sister organization of the St John ambulance), will help you to render first aid quickly and competently. It is not necessary to make a diagnosis (for instance, heart attack). You choose from six guiding symptoms to find out what the situation is. The App will then lead you through the correct measures to be undertaken.
